Fisheries Research & Development Corporation

01 July 2016 – 31 December 2016

Record Number	Record Title
2016-800	Future Oysters CRC-P Management and Extension
2016-608	RAC WA
2016-607	RAC NT
2016-606	RAC QLD
2016-605	RAC NSW
2016-604	RAC CMWLTH
2016-603	RAC SA
2016-602	RAC TAS
2016-601	RAC VIC
2016-504	NT RAC: stakeholder engagement - Research & Development Priorities
2016-503	Digital documentation of Australian Barramundi and Prawns Farms Across Australia
2016-502	IPA SRL and IPA ABFA: Conducting a gap analysis of Southern Rock Lobster and Australian Barramundi Farmer Association industry accreditations against the Global Sustainable Seafood Initiative benchmarking scheme
2016-501	Seafood with ET
2016-412	ACPF IPA: Australian wild caught prawn sector RD&E management and communication
2016-411	Create a matrix of skills and capability building priorities across FRDC partners and advisory groups
2016-410	SRL IPA: Southern Rock Lobster Planning and Management for a National Research Development & Extension (RD&E) Program
2016-409	WINSC - Providing pathways for the involvement of women in seafood industry development
2016-401	Catch the Drift - Leadership and development training for the next generation in the commercial fishing and aquaculture industries
2016-251	RAC NSW: Market study to assist target seafood marketing campaign to restore consumer confidence after Hunter River fishing closure due to contamination
2016-250	Provision of intellectual property and commercialisation services
2016-245	Development of sector-specific biosecurity plan templates and guidance documents for the abalone and oyster aquaculture industries
2016-244	TSRA: Assessing direct export feasibility, marketing and branding opportunities for Torres Strait Fisheries derived products
2016-235	SRL IPA: improving post-harvest survival of live held Southern Rock Lobster
2016-234	Guidelines for the updated Harvest Strategy Policy
2016-228	SRL IPA: Traceability Systems for Wild Caught Lobster, via Sense-T and Pathways to Market
2016-213	Building economics into fisheries management decision making - to utilise a suite of SA case studies
2016-204	Indigenous Fishing Subprogram: Indigenous business development opportunities and impediments in the fishing and seafood industry - 'Wave to plate' establishing a market for Tasmanian cultural fisheries
2016-063	Expert consultation to develop a common methodology to determine status of undefined species

2016-053	Mareframe - Co-creating Ecosystem-based Fisheries Management Solutions (EU led project)
2016-050	Inquiry into the impacts of climate change on marine fisheries and biodiversity
2016-049	IPA APFA: detection of pesticide impacts on larval prawns in hatcheries and presence in estuarine intake water
2016-046	Pearl consortium IPA: Environmental and technical influences on pearl production from <i>Pinctada maxima</i>
2016-039	Putting potential environmental risk of Australia's trawl fisheries in landscape perspective: exposure of seabed assemblages to trawling, and inclusion in closures and reserves
2016-028	Where do Calamari spawn in Northern Tasmania and how will this information aid the management of the Calamari fishery in Northern Tasmania?
2016-028	Where do Calamari spawn in Northern Tasmania and how will this information aid the management of the Calamari fishery in Northern Tasmania?
2016-020	The role of spatial protection measures in mitigating effects of bycatch and increasing yields in the NSW Ocean Trawl Fishery
2016-018	Determination of the spatial dynamics and movement rates of the principal target species within the Eastern Tuna and Billfish Fishery and connectivity with the broader western and central Pacific Ocean – beyond tagging.
2016-015	Proposed northern Australia water developments pertinent to the Northern Prawn Fishery: collation and review
2016-013	Aquatic Animal Health and Biosecurity Subprogram: Comparative pathogenicity of exotic acute hepatopancreatic necrosis disease (AHPND) and the presumptive bacterial hepatopancreatitis detected in farmed <i>Penaeus monodon</i> in Queensland
2016-003	King George Whiting spawning dynamics in South Australia's southern Gulfs: to inform improved assessment and management of the resource
2015-507	FRDC Electronic newsletter and digital development
2015-405	Establishment of a Professional Association of Australian Fisheries Managers
2015-240	APFA IPA: RNAi treatment of broodstock to reduce disease impacts in farmed prawns
2015-235	TSGA IPA: scoping study for alternative energy sources at off-shore/remote salmon farms to reduce or eliminate the need for large diesel generators
2015-233	Select fish system for Shark Fishing in Southern Australia
2015-045	Design standards for experimental and field studies to evaluate diagnostic accuracy of tests for infectious diseases in aquatic animals
2014-408	ABFA IPA: RD&E project investment and management via ABFA strategic plan 2014-2020
2014-246	New & Emerging Aquaculture Opportunities Subprogram 2015-2020
2014-033	Egg distribution, reproductive parameters and spawning biomass of Blue Mackerel, Australian Sardine and Tailor off the East Coast during late winter and early spring
