

Queensland fishers, we want to hear from you!

1/4 PAGE ADVERT

Are you a Queensland fisher?

Are you looking to build your confidence in the business world that seems to have suddenly turned online or gone digital?

Are you looking to save time and money in your business?

An exciting, fun and free digital business training program will be offered next year to Queensland fishers.

Training might include things like how to manage multiple passwords, how to email effectively, how to tap into social media and how to use scanners and electronic signatures.

But first, we'd like to hear from you about what you love and don't love about doing business online and what sorts of areas you would benefit from in the training program.
